

Democracy Lab: 8th Grade Civics for the 21st Century

Primary Source and Generation Citizen's innovative and comprehensive approach to civic learning is fully aligned with the 2018 Massachusetts History and Social Science Curriculum Framework. Targeted for the expansion of civic learning in social studies education, Democracy Lab is tailored for 8th grade teachers responding to the newly released Framework while preparing students for success on the proposed MCAS evaluation and mandate for civics project-based learning.

Whether teachers are designing an entirely new civics course or adding to an existing one, Democracy Lab will equip them to create learning opportunities that engage students through inquiry-based, culturally-responsive, and active learning/action-oriented approaches.

Democracy Lab offers teachers a rare opportunity to receive training and curriculum materials while belonging to a professional learning community where they will become:

- ◆ Confident in their knowledge of civics concepts
- ◆ Qualified to implement innovative, interactive, and relevant approaches for meaningful civic learning
- ◆ Capable of incorporating student-centered and action civics pedagogies
- ◆ Versed in digital and multimedia civic learning tools

DEMOCRACY LAB COMPONENTS

PROFESSIONAL DEVELOPMENT

Presented by Primary Source and Generation Citizen

Democracy Lab features multiple and ongoing opportunities for teachers' professional development, crafted to support the implementation of civic learning in Massachusetts.

Summer boot camp (Summer 2020, Dates: TBD)

- ◆ Learn from leading scholars and expert teachers
- ◆ Explore curriculum resources
- ◆ Collaboratively design units that address new content, practice, and literacy standards

Online sessions (2-4 per year)

- ◆ Guided conversation focused on the Framework's civics content standards
- ◆ Overview of new and updated resources
- ◆ MCAS Teacher Readiness Sessions (starting in 2020-21)

*MCAS Evaluation Dates are estimated and pending final approval from DESE

STUDENT RESOURCES

Our curriculum integrates content, practice and literacy standards from the Framework and provides a model for teaching civics while promoting students' social and emotional development.

Student Curriculum Resources

- ◆ 8 custom Primary Source lesson units addressing topics from the Framework, including (each following year new units will be released):
 - Ancient and Global Influence (*Topic 1*)
 - British and Indigenous Origins (*Topic 1*)
 - Youth Activism, Citizenship and Social Change (*Topic 4*)
 - Voting and Elections (*Topic 4*)
 - The Supreme Court, 14th Amendment, and Civil Rights (*Topic 5*)
 - Civil Rights and Access to Education (*Topic 5*)
 - A Free Press and an Informed Community (*Topic 7*)
 - (Un)Covering the World of News Production (*Topic 7*)
 - Generation Citizen's Action Civics Curriculum
- ◆ The [table of contents](#) and [sample lesson](#) are available

TEACHER RESOURCES

Democracy Lab features a wide range of relevant and high quality digital teacher resources curated to guide teachers to materials appropriate for building their civics course including:

- ◆ Lessons, videos, and teaching tools from leading nonprofits and civics organizations
- ◆ Books, articles, and blogs for teachers
- ◆ Content materials for students

PROFESSIONAL LEARNING COMMUNITY

Our ongoing professional learning community showcases 8th grade teachers' expertise and unique voices by providing a platform where they can:

- ◆ Engage in reflective practice
- ◆ Share resources and materials
- ◆ Collaborate with colleagues throughout Massachusetts
